

## How to get prepared

The Federal Office for Civil Protection and Disaster Relief (German: BBK) has put together various helpful articles.

Here you can find lots of information on how to protect and provide for yourself.

## What are NIPs and where to find them

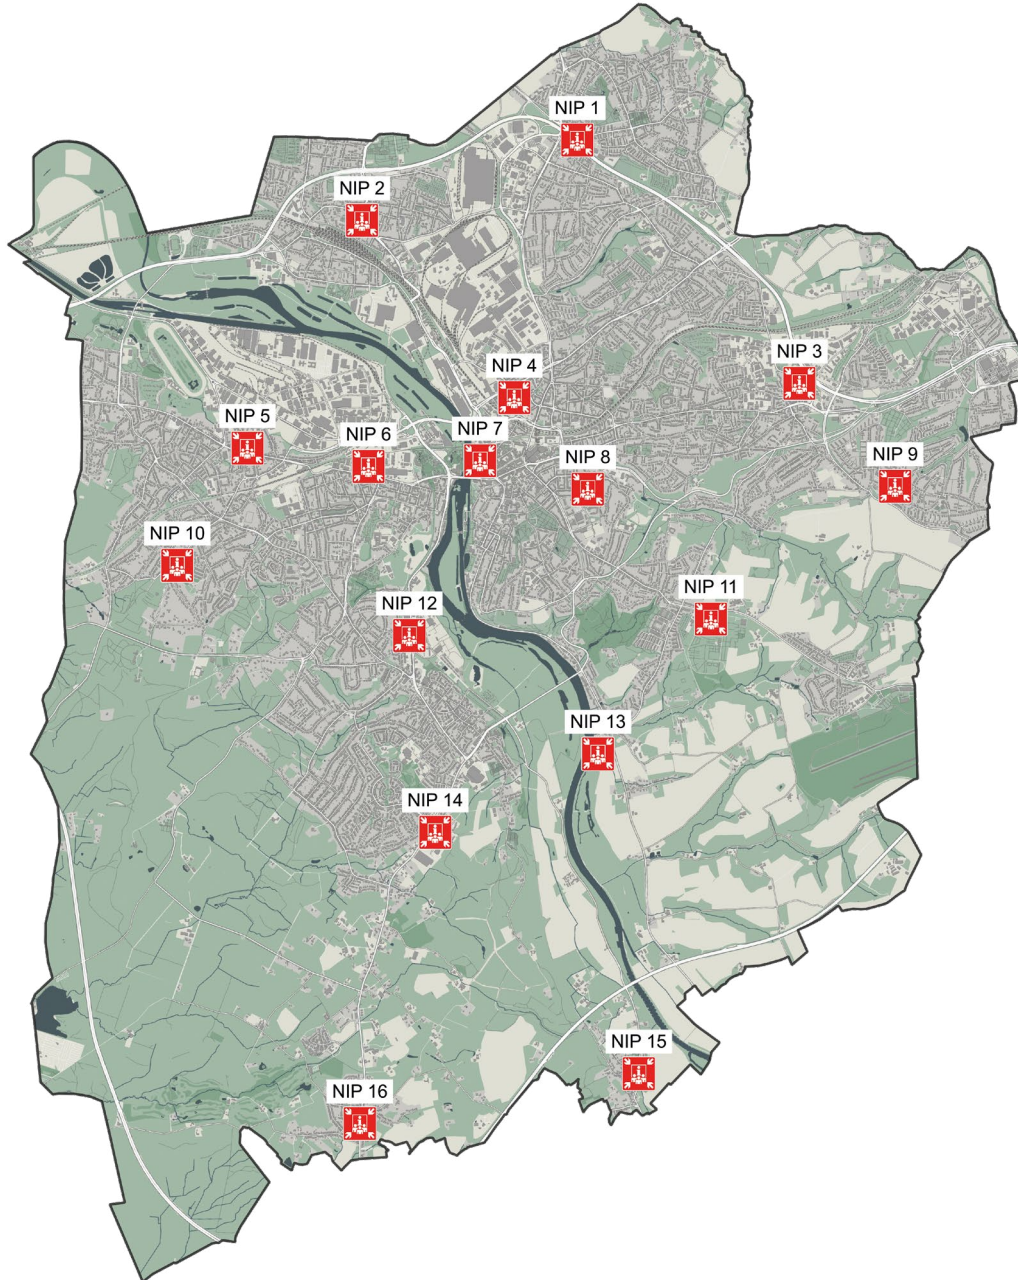

NIPs are fixed or mobile spots which will be manned by members of the fire brigade and relief agencies in the event of failure of an emergency call/phone grid failure or extensive blackout.

Emergency calls can be redirected by radio from here.

You can also get information on the current situation at the NIPs. Memorise your closest NIP so as not to lose any time in case of emergency.

## Police

The police will also be there for you in the event of a crisis.

Should the emergency number 110 not work, the police will be travelling along predefined routes in the city area at regular intervals. The routes will be aligned with the emergency call and information points.

In addition, the police will increase its presence in individual parts of the city to keep you safe.
